**75 unique designs for attractive, efficient, environmentally friendly homes.**

Now available in paperback, this collection of 75 plans for small homes offers more than 500 usable blueprints and other illustrations for a variety of living spaces suitable for every environment and style, from a New England farmhouse to a sophisticated townhouse in the city to a Santa Fe ranch.

The designs include site drawings, floor plans, elevation drawings, section drawings, perspective drawings, and exploded views. A brief introduction to each home describes its setting, the philosophy behind the design and its intended use, materials used, recommended landscaping, and more. Many of the homes come with money-saving and environmentally sound features such as solar panels and water heaters, wood stoves, ceiling fans, airlock entries, wind power alternatives, and natural gas heaters.
