A not so classic retelling of Beauty and the Beast, as seen through the eyes of the villain...

Betty Hart has had it with men. Jilted in love, her life now consists of shelving books by day, watching too much Anime by night, and occasionally dressing up like a superhero on the weekends with her fellow 'Bleeding Heart' nerds. Men are not welcome and very much unwanted. Especially the sexy Frenchman who saunters into her library reeking of alcohol and looking like he went one too many rounds in the ring.

Gerard Caron is in trouble. Again. Caught with his pants down (literally) he's forced to seek asylum on Earth while his fairy godmother tries to keep Prince Charming from going all 'Off with his head'. Maybe, messing around with the King's daughter hadn't been such a great idea after all, not that Gerard knew the silly redhead was a princess. But his fairy godmother knows the only way to save his life is to finally pair Gerard with his perfect mate, whether he's willing or not.

From the moment Gerard lays eyes on the nerdy librarian he knows he must have her, but Betty is unlike any woman he's ever known. He thought Betty would come as willingly to his bed as every other woman before her, but she is a woman who demands respect and even... horror of all horrors... love. Is it possible for a self-proclaimed Casanova to change his ways?

Long length Novella ~ Approx. 41k words of the actual story. Included in the Amazon page count are teasers from future books, thank you!

This is not an erotica, but it is a good old fashioned romance.
