Learn To Train Your Pup While Also Building A Lifelong Friendship!

This book contains proven steps and strategies on how to train your puppy successfully, so he will turn out to be the best dog that he can be!

Training a puppy to keep quiet in his crate or to pee and poop in designated areas can be pretty difficult, especially when you have no idea or experience on how to deal with canine behavior. A lot of puppy owners become easily discouraged when they fail to teach their pup how to sit on command, or how to stay in place for a few seconds. These owners end up shouting at their puppies.

Some of them simply give up on the notion of puppy training altogether. Some people also impose their authority on pups by resorting to aggressive leadership. These people jerk on their pup's leash, or push their pups on the ground to keep them from moving. While these techniques may make the pups more attentive to their owners' commands, these can also harm the relationship between the pup and his owner. After all, you wouldn't want to be near someone who pokes and prods you, or yells at you every time you make a mistake, right?

How then does the newbie or curious puppy owner train his or her pups effectively without resorting to rough methods? The chapters in this book will provide a lot of insight regarding how puppies learn, and how their owners can utilize this knowledge during training sessions. Not only will you learn how to train your pup to sleep quietly at night, or how to avoid greeting guests by jumping on their legs, you will also learn how to communicate effectively with your pup, and how to make every single training session fun and productive.

This book was written for everyone who loves puppies. If you are a new puppy owner and you want to teach your pup how to behave, then this is definitely the book for you! What are you waiting for? Head over to chapter 1 right now, and learn everything that you can about puppy training and puppy psychology! Your friends and adorable pup will thank you for taking the time to read all about it!
