On April 26, 1986, the worst nuclear reactor accident in history occurred in Chernobyl and contaminated as much as three quarters of Europe. *Voices from Chernobyl* is the first book to present personal accounts of the tragedy. Journalist Svetlana Alexievich interviewed hundreds of people affected by the meltdown---from innocent citizens to firefighters to those called in to clean up the disaster---and their stories reveal the fear, anger, and uncertainty with which they still live. Comprised of interviews in monologue form, *Voices from Chernobyl* is a crucially important work, unforgettable in its emotional power and honesty.
