When Zahn recovers an extraordinary meteorite impacted into the silvery beach near his home, the course of his life is changed forever. At first, fear holds him back, and he hides it away for days, even from his own father. If it truly is what he suspects it to be, everything on Avani would change. All the while, the mystery of his mother's disappearance continues to plague him, even after twelve years. And he cannot shake the feeling that she is somehow still alive.

And then, in the midst of unspeakable dreams, he is awoken by a tapping at his window. Someone has come for the meteorite, and Zahn soon finds himself swept up into a galactic adventure, encountering a stunning pilot, 5th-density creatures of light, and an ancient chthonic evil, bent on consuming every star in the galaxy. Only the Pearl of Great Price, an ancient stone capable of healing fissures in spacetime itself, offers any hope. The only problem is, it's been missing for aeons. And through their quest, Zahn learns that there may be more to his mother's disappearance than anyone on his world could have ever imagined.

About

THE TRUTH BEYOND THE SKY is a truly unique book. Being the first mythic Sci-Fi novel to be directly influenced by the highly-regarded Ra Material (aka. The Law of One), the story is steeped in a unique flavor of timelessness. At first glance, this fast-paced story is a rollicking adventure to the center of the galaxy itself, but underneath these events lie strong themes of cosmic myth, personal growth, and spiritual evolution.

And reviewers have taken notice. Having been dubbed a "Highly addictive, sci-fi adventure!" obtaining "a mythic resonance" as well as "A Coming-of-Age story of the Highest Caliber", THE TRUTH BEYOND THE SKY is a fast-paced, transcendental adventure with strong threads of eternal truth woven within -- a unique blend of storytelling that you'll never forget. Written for wanderers everywhere, the story has only just begun.

SPECIAL DEAL: if you buy the paperback from Amazon, you be able to get the Kindle version completely free. (ALSO available as an audiobook. See in formats above.)
