Bearing the Midnight Sun (Ice Bear Shifters Book 3) Sloane Meyers

Kat Peterson has had a rough year, to put it mildly. Her fiancé broke up with her right after her father passed away. She escapes from Nebraska for the summer, landing in Glacier Point, Alaska and hoping to find herself before returning home to win back her ex.

Tyler Cox has never seen a woman as lovely as Kat. His inner bear agrees: from the moment Kat walked through the door of the gym where Tyler works, his bear has been roaring to be let out and make Kat his mate. But Kat has suffered through so much already, and Tyler doesn't want to add to her confusion and heartache. He resigns himself to being just a friend while she heals from the sorrow of a tough year. But as the summer draws to a close, Tyler's feelings only grow stronger, no matter how much he tries to resist them.

Can Kat stop mourning her lost ex long enough to see the sexy bear of a man standing right in front of her? And will Tyler work up the courage to tell Kat how he really feels before the midnight sun sets on the Alaskan summer? Find out in the third installment of the Ice Bear Shifters Series.

Content Warning: This 25K word novella is a standalone with no cliffhangers. Don't let the Arctic location fool you—the ice bears of Glacier Point know how to heat things up! Expect explicit love scenes and adult language. Rawr!
