This overall combination composed of religious, financial, and political committees cooperates and coordinates with all the other groups to accomplish their ultimate plan which is a one-world government called the New World Order.

That plan also entails the creation of a one-world religion, to the exclusion of all others. To accomplish the dual goal of a one-world government and religion, they have already engaged the services of a man who is and will be the Anti-Christ. This book examines these financial, political, and religious combinations and shows the false reasoning they use to deceive us. Also examined is the important role of the media in obscuring the actions of this great conspiracy, allowing them to truly "hide in plain sight."
