**A collection of prophecies from before the time of Christ gives a female scientist the chance to save the world in this captivating thriller from the #1 international bestselling author of *The Eight***

In the last week of Jesus's life, the Emperor Augustus orders the purge of all prophecies that question his divine power. Thus, in the crater of a dormant volcano, the books of the Sibylline oracle are sealed—lost to the world until the nineteenth century when Clio, a brilliant archaeologist, discovers them. The Sibyl's words remain as potent as ever, having the ability to change the destiny of mankind. But who will be bold enough to harness their power?

More than a century after their discovery, some of the secret prophecies fall into the hands of nuclear scientist Ariel Behn when her beloved cousin is assassinated. If Ariel can discover the mystery behind the prophecies, she will be able to prevent a potentially worldwide catastrophe—but in order to do so she must travel to Russia, Vienna, and Paris where too many people are desperate to protect the secrets of these ancient writings.

This ebook features an illustrated biography of Katherine Neville including rare images from her life and travels.
