Time travel. Humanity has long imagined what it would be like to be able to create a time machine, what we might see if we could travel into the future, or be transported to the distant past. And what if it were possible to travel into our own, more recent past? Would we be able to change our present, or are we prisoners of predestination? Is fate what we make of it?

In this latest title in the acclaimed 'Future Chronicles' series of speculative fiction anthologies, fourteen authors confront the question of time travel and its consequences, exploring a landscape where past, present and future all become imaginable destinations.

"The Time Travel Chronicles" features stories by science fiction grandmaster Robert J. Sawyer (Calculating God), Amazon bestselling author Rysa Walker (the Chronos series), Best American Science Fiction notable Samuel Peralta (Faith), plus eleven more of today's top authors in speculative and science fiction.
