Connor Bryson lurches awake reciting a half-remembered song. Coming to, he realizes he's hypothermic—shivering cold—trapped inside a stasis tube, shrouded in darkness. Escaping his capsule, he lights a lantern, only to discover the locker containing his heating supplies is empty. Freezing to death now, he reflects on the last memory of his pregnant wife, beside him still, suspended in a tube. Just as Connor slips out of consciousness, two strangers arrive...

Another gripping, wholly absorbing chapter of the bestselling Wayward Pines series, Jordan Crouch's *Exit Vertigo* explores the dangerous netherworld existence of caretakers who emerge from stasis every two decades to ensure the facility that houses all that remains of mankind continues to function. While others hibernate, Connor and a select team of maintenance workers stumble through the Ark's darkened hallways, racing against time in search for a clue to an apocalypse no one can remember.

This is book one in Jordan Crouch's Wayward Pines series—stay tuned for the sequel!
