grade: 1 (A), University of Zurich (English Seminar), course: Lexicography, 18 entries in the bibliography,
language: English, abstract: In this paper, 80 lexicographic definitions from the Oxford Advanced Learner's
Dictionary are classified and evaluated, the basic question being the following: are similar words defined in
similar ways? The words are classified according to part of speech, concreteness and word frequency, and
eight different ways to define a word are considered. The study confirms that concreteness and part of speech
