**Nixon and Mao's Week that Changed the World** Margaret Macmillan

This book looks at one of the transformative moments of the twentieth century: In February 1972, Richard Nixon, the first American president ever to visit China, and Mao Tse-tung, the enigmatic Communist dictator, met for an hour in Beijing. Their meeting changed the course of history and ultimately laid the groundwork for today's complex relationship between the countries. That monumental meeting--during what Nixon called "the week that changed the world"--could have been brought about only by powerful leaders: Nixon, a great strategist and a flawed human being, and Mao, willful and ruthless; assisted by two brilliant and complex statesmen, Henry Kissinger and Chou En-lai.
