Blue Honeycreepers: Bird Photo Coffee Table Book Series Deborah Carney

The title of this book is “Blue Honeycreepers” because of the bright blue coloring in the Red-legged and Yellow-legged Honeycreeper male birds. When I started writing this I was amazed at the lack of information about these really interesting birds. The internet had mostly rewritten information from the Honeycreeper Wikipedia page. So I set out to try and create not just a photo book, but a book that included some facts about the birds and commentary on their behavior. The photos for this book were taken in a certified bird conservatory which means they might not be behaving the same that they do in the wild, however from what I have been able to learn from the various references I was able to find their behavior is pretty much the same. I hope you enjoy this book as much as I enjoyed putting it together and as much as Vinny and I enjoyed photographing them. ~ Deborah Carney
