## **The Godfather: The Official Motion Picture Archives** Peter Cowie

With each passing decade, the stature of the blockbuster movie, *The Godfather*, grows, not just among film buffs, but also among audiences throughout the world discovering, or re-viewing, the film on television and DVD. In polls, Coppola's masterpiece consistently ranks among the two or three greatest films ever brought to the screen. This saga of an Italian-American family and its immersion in Mafia traditions has been imitated and satirized—but never equaled.

How to explain the enduring appeal of *The Godfather* and its two sequels? This book concentrates on the elements that combined, against all odds, to make the Paramount production so successful when it appeared in 1972: the screenplay from Mario Puzo's bestselling novel; a cast of actors who, apart from Marlon Brando, had not yet achieved celebrity; the vivid locations in New York and Sicily; and the inspired direction of Francis Ford Coppola (only 31 years old when shooting commenced).

Containing many previously unseen behind-the-scene images from the Paramount Archive, this book is also unique in containing 15 facsimile documents, including:

- A poster publicizing the original film
- A special leaflet on the prosthetic teeth worn by Marlon Brando
- Continuity sheets
- A page from Puzo's novel annotated during the writing of the screenplay
