Memories, like fire, can give life just as easily as they can destroy it.

Jesse Baker thought she already knew too much about betrayal--until her dead husband's past came back to haunt her. Arson investigator David Hathaway has a history of his own and for the first time in his adult life, he's enjoying having no one to look after but himself. But when an explosive meeting brings them together, he finds he isn't about to let Jesse's life crumble into ashes. Echoes from their past follow them both and before they can decide how their memories will influence their future, they must first stop a killer intent on making Jesse burn for the sins of others.
