"Let your fiction grow out of the land beneath your feet." Willa Cather's remark describes her own reasons for re-creating in her powerful fiction the Nebraska frontier of her youth. The vast Great Plains, where the earth has only recently come beneath the plow and the sky is huge and open, mirrors the uniquely American ethic of her characters: their heroic aspirations and stoicism, their passion for creativity, their rebelliousness of spirit. This volume, the first in The Library of America's authoritative three-volume collected Cather, includes the story collection "The Troll Garden," her first work of fiction, along with the beloved novels "O Pioneers!," "The Song of the Lark," "My Antonia," and "One of Ours," which earned a Pulitzer Prize.
