**Transcending Boundaries in Philosophy and Theology: Reason, Meaning and Experience** Kevin Vanhoozer

Presenting new opportunities in the dialogue between philosophy and theology, this interdisciplinary text addresses the contemporary reshaping of intellectual boundaries. Exploring human experience in a â€˜post-Christianâ€™ era, the distinguished contributors bring to bear what have been traditionally seen as theological resources while drawing on contemporary developments in philosophy, both â€˜continentalâ€™ and â€˜analyticâ€™. Set in the context of two complementary narratives â€“ one philosophical concerning secularity, the other theological about the question of God â€“ the authors point to ways of reconfiguring both traditional reason / faith oppositions and those between interpretation / text and language / experience. Contributors: David Brown, Philip Clayton, Chris Firestone, Grace Jantzen, Nicholas Lash, George Pattison, Dan Stiver, Charles Taylor, Kevin Vanhoozer, Graham Ward, Martin Warner.
